The learn@moog HR on-line training site has Teamcenter and Teamcenter Active Workspace training material available. Log in to <https://learn.moog.com/> and search for “Teamcenter”:

The screenshot shows the learn@moog HR on-line training site search results for "Teamcenter". The search bar at the top shows "Teamcenter" with 5 results found. A red arrow points to the search bar. The results are displayed in a grid of six cards. The first three cards are for "Teamcenter Training" courses, and the last two are for "PDM Library in Teamcenter Active Workspace" courses. The first card is "Teamcenter Training - Introductions to Objects and Relationships", the second is "Teamcenter Training - Introduction and Overview", and the third is "Teamcenter Training - Working with Items". The fourth card is "PDM Library in Teamcenter Active Workspace: Data Cart", the fifth is "PDM Library in Teamcenter Active Workspace: Search, View and Print", and the sixth is empty. Each card shows the course title, version, course type, a brief description, a star rating, and a button to print a certificate or launch the course. The left sidebar contains filters for Learning Event Type, Delivery Type, Category, Language, and Microlearning. The top right shows the user's name, Michael Buchowski, and the number of collections.
